PRESS RELEASE

Intellitech CEO receives Best VTS 2012 Session Award

Berkeley, CA - VLSI Test Symposium -April 29th, 2013 —Intellitech Corporation announced today that Christopher J. "CJ" Clark, Intellitech CEO, was awarded the "Best Special Session" Award for session 4B at last year's VLSI Test Symposium in Maui, HI. Mr. Clark's session was entitled "Embedded Tutorial: IEEE P1149.1-2013 Addresses challenges in test re-use from IP to IC to Systems". The moderator for the session was K. Hatayama of NAIST, Japan. The best session is determined solely based on audience rankings of the technical merit, interest and quality of the oral presentation. The award was presented at the start of the VTS 2013 program by last year's VTS program chair Dr. Claude Thibeault.
