

Anti-tamper JTAG TAP design enables DRM to JTAG registers and P1687 on-chip instruments

CJ Clark is the president and CEO of Intellitech Corp.

Prior: Plantronics/Wilcom 1978, Airex, ITT Defense
IEEE 1149.1/JTAG Chairperson from 1996 to present
Contributor in P1687/IJTAG, 1149.6, 1500, 3D & TAP study group
Co-inventor on 40+ US/foreign patents related to FPGA/JTAG
UNH College of Engineering Advisory board member
UNH Dept. EE Industrial Advisor
Frequent invited speaker: USPTO Examiner education,
IEEE FPGA lecture series, ITC, BTW, DesignCon,
DAC and VTS.
